2. I realize you've already seen several of the above Members. I think it would be well worth your time and effort to see them all. They know you are among the most very senior of our officials and the word has pretty well gotten around, I think, that you mean to change the mood and substance of CIA-congressional relations. A call from you would carry that message with considerable weight and meaning.

3. I would appreciate your guidance as regards the role which you may wish me to play in meeting and developing Members. My own feeling is that you should clearly come first and that after your contact I might make mine, as appropriate. Please let me know how you feel about this.
